JVP MARINE

Inception & Growth

- ◆ **J.V.P. Marine Products Exports** established in the year 2019, is an International Trading Company focused on Shrimps Farming Aquaculture and exporting the best quality Frozen Seafood from India to countries like *Europe, UK, China, Vietnam, Japan & Middle East.*
- ◆ Our company is headed by **Mr. P. Jaisankar - Managing Director & Mrs. J. Selvi - Director.**
- ◆ J.V.P Marine Products Exports Private Limited was incorporated with an objective to offer J.V.P's products from Indian waters to global consumer markets.

JVP MARINE

Inception & Growth

- ◆ Our commitment & quality delivery of raw material propelled us to incorporate our own Export Company under the name **JVP Marine Products Exports Private Limited**.
- ◆ Located in Sirkazhi, in the coastal belts of Nagapattinam, Cuddalore, which is the seafood hub of Tamil Nadu, J.V.P is a well known name in the Seafood Products industry for over 25 years. We procure the raw materials not only from Tamil Nadu but also from Andhra Pradesh, Gujarat and Odisha.
- ◆ We are more than 25 years in the Seafood Industry. We are one of the largest shrimps purchasers from various states across India.

VALUE PROPOSITION

- ◆ We aim to deliver products of best quality at the best price and delight our customers through our professional approach.
- ◆ We are committed to build strong business relationships through the core values of honesty, integrity, customer satisfaction and care for our employees & the society.
- ◆ We give immense stress on quality and adopt adequate Quality Control measures at various stages of the production with a final inspection. We follow the HACCP (*Hazard Analysis Critical Control Point*) principles to ensure food safety and maintain the quality. Hence quality is the core strength of our business.

FACILITIES

- ◆ We also have J.V.P. ICE Plant in Sirkazhi, with a capacity of 50 Metric Tons per day, that is used to keep the landed sea products in fresh and premium condition, before the processing begins.
- ◆ To carry higher load capacity of the products we have more than 14 insulated vehicles of 10 Tons capacity each.
- ◆ We have tie-ups with farmers across Tamil Nadu to ensure uninterrupted supply of raw material. About 5000 Metric Tons of raw material, which amounts to an assured average of 13.5 MTs per day.

GROWTH & GLOBAL EXPANSION

- ◆ Spanning more than 2 decades, our company is currently the largest purchaser of Head-On Shrimps from various states in India.
- ◆ In the last one year we have exported products with Rs.25 Crores to various countries that include UAE, China, Vietnam, Dominican Republic and Europe.
- ◆ We aspire to export high quality products like cooked Nobashi to countries like USA and Canada fulfilling their safety, quality & legal norms.

INFRASTRUCTURE

- ◆ IQF – Our Individual Quick Freezing unit has the capacity of 10 MTs of Shrimps per day. This is used for freezing individual pieces of food separately from the other pieces, at an extremely low temperatures.

- ◆ Processing Plant - We have Plate Freezers having capacity to freeze 14 MTs of Shrimps per day.

PRE PROCESSING EQUIPMENTS

◆ Grading Machine with 1 MT capacity per hour

◆ Cold Storage capacity of 250 MTs

◆ Prawn Washer at Receiving Point

◆ Flake Ice Generators of 20 MTs per day
